

## COVID-19 Resources

We continue to be amazed at the many ways FUMC continues to step up in such times of uncertainty. The Church has never been a building, it's always been the people. We continue to hold the Greatest Commandment in Matthew 22, "Love your neighbor," in our hearts and in the front of our minds. While our building may be closed (temporarily), we are still the Church.

Below is a compiled list of resources that we hope you find beneficial.
